

RAIN OR SHINE?

*When ideas come into your mind
Please don't stop
Let them dance ,sing songs as they can.
When voices speak inside
Please be quite
Let them scream loudly,loudly as they can.
And when your heart starts to beat for someone
Remember the beautiful things
How you are lucky cause you can feel it.
And never feel bad for loving someone.
Someone that never realises even you are so near
'till night
But
Rain or shine
Please don't stop the stings that become.*

WITH LOVE

*You feel
Cause you're not a robot
You breathe
Cause nature exists for it
And all you need is love
Throughout your life
This's the thing that you can't live without
People that I see everyday
Every single face got no smile
They forgot why we're in this...
In this place which needs most love.*

*Lyricists describe the love in songs:
Danger, fighting ,struggle, desire... Alright.
But my dear friend,
This world will be a better place with love.*
